## UPDATE: Postponing the Previously Scheduled Fall State-wide Workshops

Posted by Brett Boston on Jul 24 '13

All:

Due to delays and uncertainties caused by NTIA's slow processing of the grant funds, we are postponing the 7 previously scheduled Fall Workshops. Once NTIA finally get's the grant funding flowing, we will seek new dates.

We want to thank all of you that assisted in securing sites and working on logistics. This is a great team to work with and your ongoing willingness to step up and help out continues to amaze.
