Posted by Brett Boston on Oct 25 '13

Team:

A few notes from listening in to today's conference call are attached.

1. Update on FirstNet activities: conferences, meetings, actions, budget (\$194M for FY14).
2. New locations for FirstNet offices; HQ will be in N. Virginia and Tech Support Center in Boulder, CO. Looking at 10 offices co-located with FEMA in 10 FEMA regions.

Have a great weekend.
