Update on 6 Regional FirstNet Listening Sessions

Posted by Brett Boston on Apr 4 '13

Dear Governors Public Safety Broadband Advisors:

We have received a number of questions regarding the six regional meetings that NGA and FirstNet are co-hosting. Due to a few unforeseen challenges, our timetable to conduct these meetings has been delayed. However, we have resolved these issues and are moving forward in planning the six regional workshops. We apologize for any inconvenience this has caused. We expect to host the first regional meeting sometime in mid-May and conclude all meetings by June 30, 2013.

To clarify any questions or concerns you may have, NGA is planning to host a conference call for all governors' public safety broadband advisors within the next two weeks. Representatives from the FirstNet board will also participate on the call. An email with conference call information will be sent out next week. In the meantime, if you have any questions, please feel free to contact myself or Thomas MacLellan (tmaclellan@nga.org).

Thank you,

Alisha
