## Response needed: FloridaNet Advisory Committee Tentative Meeting - May 31 in Tallahassee

Posted by Brett Boston on Apr 26 '13

All:

After a flurry of calendar sharing, it appears Friday, May 31st, will be the best opportunity for the most Committee members. Please reply, if you haven't already, regarding your availability to meet on this date. We have a lot of important work to do and position statements to craft as we prepare for the FirstNet Regional meeting in Memphis (see message from April 25) and FirstNet listening session in Florida.

Standing by on finalizing this date until I hear from more of you. Propose meeting times from 10 AM to 2:30 PM.

Audio conference via conference call and Webex planned for portions of the session.

**Terry Nehring**

Brett,

I will plan on attending. I assume that there is no travel funds available?

Thanks,

Terry
