IMPORTANT: Final list of listening session locations attached. Please share with your respective networks.

Posted by Brett Boston on Feb 7

All:

We have finalized the dates and locations for the Statewide Listening Sessions. We also added a WebEx session. All information and the ability to register for any session is at: <http://www.floridanet.gov/registration>.

Please send this final PDF to your network of contacts and encourage them to pre-register at the website above.

Thanks!

Brett:

What if we want to attend all of the sessions, does that mean that we have to register in four different locations ? Will the WebEx include all four breakout sessions ?

Thanks

Brett Boston

Don: You can attend as many sessions as you would like. We respectfully request you register for each, so we can adjust the available seating capacity ahead of the meeting and make sure we have the appropriate pre-planning.

The WebEx will be a generic "one-size fits all" presentation, with minimal discussion.
