Public Safety Advisory Committee Update

TJ Kennedy
Deputy General Manager

- § FirstNet coordinated with the PSAC in April 2014 to host a briefing for the Washington, DC-based PSAC organization staff representatives – **28 attendees representing 22 organizations**
- Provided an overview of FirstNet outreach, consultation and government affairs activities to date
 - Solicited feedback from attendees on recommended communications vehicles to reach the larger organizational memberships
 - Feedback was positive; another briefing is tentatively scheduled for the fall

§ PSAC tasked in April 2014 with the creation of two working groups; initial recommendations to be submitted by June 30

– **Tribal Working Group**

- Goal: To develop recommendations on tribal outreach, education, and inclusive consultation strategies to ensure full participation by tribal jurisdictions in the network

– **Early Builder Working Group**

- Goal: To develop recommendations around early builder strategies and lessons learned that will assist in planning efforts for the network
